

Solution Concrete completed a tear-out and re-pour of my driveway apron and a section of sidewalk. They did a fantastic job from start to finish.

During the proposal process, Solution Concrete...and specifically Justin Radwanski...was clearly the most knowledgeable of what was required in terms of time, material, and township code requirements. Their insight prevented me from making some potentially serious mistakes. Their price was very competitive and very fair for the work that was done.

The construction team showed up on time, and was very thorough, careful, and respectful of my property. They were very courteous, and very knowledgeable, answering all my questions. The work was done on time, and their clean-up effort was "above and beyond." Other than new concrete, you would never know they were here!

I highly recommend Solution Concrete...and I will use them again for any concrete needs in the future. They exceeded my expectations in every aspect of the job.
